

OUR DOCTORS

**Dr Stephanie Teasdale**

**MBBS, FRACP, B.Eng, PhD**  
*Adult Endocrinologist*

Dr Stephanie Teasdale is an adult endocrinologist. She has a deep interest in the foundations of hormonal regulation, and continues to develop this interest with the fresh challenge each patient offers.

Dr Teasdale studied at the University of Queensland, completing her Bachelor of Medicine in 2006. She went on to complete her physician training in endocrinology at the Princess Alexandra Hospital, Gold Coast University Hospital and Mater Hospital. She also has a Bachelor of Engineering (honours) and PhD.

Her interests and professional knowledge span all areas of diabetes and general endocrinology including pregnancy, and she has a special interest in adrenal and gonadal problems.

Dr Teasdale enjoys working in private practice and providing ongoing care to patients from 16 years and throughout adulthood. She prides herself on her warmth, listening ability, quality of care and provision of clear information and advice.

Special Interests:

- **Type 1 diabetes including pump therapy Type 2 diabetes**
- **Thyroid dysfunction including hyperfunction and hypofunction**
- **Adrenal dysfunction including congenital adrenal hyperplasia, hirsutism, Cushing's syndrome, hyperaldosteronism**
- **Gonadal dysfunction including testosterone deficiency, premature and early menopause, polycystic ovarian syndrome**
