

**OUR DOCTORS**

**Dr Hadi Moattar**

**MBBS, FRACP**

*Gastroenterologist & Hepatologist*

Dr Hadi Moattar is a clinical Gastroenterologist and Hepatologist with a special interest in Inflammatory Bowel Disease, Irritable Bowel Syndrome and Luminal Endoscopy and Polypectomy.

Dr Moattar completed his Medical Degree with distinction in 2004 and since then, he has worked in various hospitals both in the United Kingdom and Queensland. In 2016, he completed his Gastroenterology & Hepatology Fellowship after being trained at the Mater Adult Hospital, The Prince Charles Hospital, Royal Brisbane & Women's Hospital and Townsville Hospital.

After completing his general gastroenterology fellowship, Dr Moattar worked as an Inflammatory Bowel Disease Fellow at the foremost IBD Centre - the Fiona Stanley Hospital – in Perth, WA. This helped to expand his experience and skill in the management of complex patients with Inflammatory Bowel Disease. He uses his clinical and interpersonal skills to optimise patients' care and quality of life in close collaboration with IBD nurses, dieticians, colorectal surgeons, clinical psychologists and radiologists.

Dr Moattar enjoys teaching students and junior doctors at bedside in small tutorials and lecturing in grand rounds and departmental meetings. He actively participates in quality assurance projects and audits during his career and publishing or presenting the result of these projects in national and international meetings and peer-reviewed journals as well as keeping himself up to date with the latest developments in the field. He personally monitors all IBD patients' who have been started recently on immunosuppressant to ensure maximum safety and efficacy of these medications.

Areas of interest and expertise:

- **Inflammatory bowel disease**
- **Irritable bowel syndrome**
- **Luminal endoscopy and polypectomy**
